

TO BREED OR NOT TO BREED YOUR DOG?

Generally, don't even contemplate breeding your dog unless: -

- Your dog is a purebred and registered.
- You didn't get your dog from an animal shelter or pet store or puppy farm/backyard breeder.
- You have at least a three-generation pedigree for your dog.
- Your dog has at least four titled dogs attached to its line such as conformation or working titles, in the last three generations.
- Your dog is certified free of genetic disorders applicable to the breed.
- Your dog conforms to the standard for its breed.
- You are breeding for the sake of the breed and **NOT FOR GREED.**
